

Jason Baron

Orlando, FL | 407-405-6149 | jasonbaronx@gmail.com | linkedin.com/in/jason-xb/ | Portfolio: jasonbaron.me

EDUCATION

University of Florida

Bachelor of Science in Computer Science Liberal Arts; GPA: 3.94/4.00

Gainesville, FL

Aug. 2020 – May 2024

EXPERIENCE

Associate Full-Stack/DevOps Software Engineer | L3Harris Technologies

Jun. 2024 - Current

- Build & maintain multiple team-specific versions of full-stack software for viewing/measuring time-series data, enable users to make custom dashboards using widget templates & additional specialized pages/interfaces.
- Develop & provide containerized software utilities for other teams using Python servers, Rest APIs & web UIs. Main utilities include cache/persistent storage, async messaging facilitation, system logging & access management.
- Continuously work with other teams to help implement/maintain full-stack app & utilities for their specific needs. Test containerized software on Linux virtual machines & with unit/functional tests, write heavy documentation.

Web Solutions Engineering & Operations Intern | Universal Destinations & Experiences

Jan. - Apr. 2024

- Worked with website development team to design, build, test and maintain web components and their content pipelines across Universal Orlando, Hollywood, Japan, and other upcoming web platforms.
- Collaborated with UI/UX designers to build modular components using Typescript/Stencil.js/Storybook, wrote test cases in Jest/Jasmine frameworks, worked with content management team to establish content pipelines with Tridion CMS, then implemented components onto live and upcoming Angular pages.
- Diagnosed issues occurring on live customer-facing web platforms, communicated how they occurred and provided solution plans to management, then debugged them in a timely manner to minimize impact to customers.

PROJECTS

Coastle - Rollercoaster Wordle | JavaScript, HTML, CSS

- Designed and deployed a wordle-style game challenging users to guess rollercoasters by relating ride statistics.
- Implemented functionality for pulling ride stats from API, daily/endless gamemodes, statistic tracking and hints.
- Amassed 85,000 total users with average daily traffic of 400 users and average engagement time of 11 minutes.
- Monitored social platforms for feedback and utilized it to provide continuous updates/fixes over several months.

Pantry Pal - Storage Management System | Arduino/ESP32, TypeScript, Next.js

- Developed an inventory management system prototype for households using ESP32 microcontrollers, laser barcode scanners and ultrasonic sensors connected to a web app.
- Communicated scanned product information and pantry/fridge door status via HTTP over WiFi to Supabase.
- Deployed Next.js site displaying real-time item quantity counts alongside product info pulled from a barcode API.

Various Unity Simulations for Ride Vehicles | Unity, C#, Blender

- Created digital twin for servo-based stewart platform motion simulator in Unity by researching inverse kinematics to calculate and simulate required leg positions for desired platform rotation/transformation.
- Designed dark ride controller script enabling easy placement and editing of speed/rotational control points along a ride path generated using Bezier curves, use animation curves to facilitate smooth transitions between points.
- 3D model custom ride vehicles and props using Blender, import assets into Unity and use them to simulate proof of concepts for personally designed rides and animated scenes using own scripts.

TECHNICAL SKILLS

Languages: Java, Python, C/C++, C#, MATLAB, Arduino, JavaScript, TypeScript, HTML/CSS/Sass, Angular, SQL

Libraries: React, Node.js, Next.js, Oracle, MySQL, Socket.io, Stencil.js, Material UI, PrimeReact, RTL

Tools/Styles: Git/GitHub, Jenkins, Docker, RESTful APIs/OpenAPI/Swagger, Redis, Bash, Flask, RabbitMQ, MongoDB, Storybook, Tridion, Linux, Jira, syslog-ng, Keycloak

Other: QSYS, TwinCAT3, LDAP, TCP/IP, Blender, Unity

EXTRACURRICULARS & ACTIVITIES

Gator Theme Park Engineering, Chinese-American Student Association, JiaTing Lion Dance Troupe, Eagle Scout
